WISCHEMANN KUNSTSTOFF GMBH

16+
Ø 14-20

SYSTEM BOARD
Witech 16+

		Without insulation
System board description	Witech-System board 16+
Item no.	1920053
Pipe diameter in mm	14 – 20 mm
Usable area per board	1.08 m2
Immediate spacing distance	75 mm
Diagonal spacing distance	38 mm / 69 mm
EPS board dimensions	not specified
TC film dimensions incl. overlap in mm	1275 x 975
TC film colour	black/anthracite
Nob height	23 mm
Overall board height	23 mm
Cardboard (L x W x H) in mm	1345 x 1015 x 235 mm
VPE per unit/carton	18
VPE carton/pallet	8
Usable pallet area	155.52 m2
Press button feature	yes

Updated: 12/2010 · Subject to technical modifications and errors

Specific features:

- Easy one-man-installation for favourable project calculations
- lower levels of waste, thus reduced costs and less effort when it comes to disposal
- secure pipe holder for standard-compliant installation and uniform temperature distribution, at the same time, simple repositioning possible
- resistant to impact and walkable due to high surface strength
- environmentally friendly polystyrene material, feedback into the cycle of recyclables (e.g. Interseroh SHK) possible any time
